Course Structure

This course will enable you to develop hair and beauty skills, techniques and knowledge. You will study the following units

UC06 Create an Image Based on a Theme

Throughout this unit you will create a total look including hair, make-up and nails based on a theme of your choice.

You will research in school on a computer to find images of hairstyles, make-up, nails and clothing. You will need to complete a workbook and create a mood board.

You will need to bring in a model on the day of the assessment to work on.

UHB8 Shampoo and Condition Hair

During this unit you will learn how to shampoo and condition different hair types and lengths.

You will research different shampooing and conditioning products and you will need to complete a workbook.

You will practice on each other during the length of the course and will need to carry out a practical assessment on a shampoo and conditioning treatment.

UHB3 Blow Dry and Finish Hair

Using a variety of tools you will blow dry hair into different styles and learn about the structure of the hair. You will be required to do your own research you will need to complete a workbook.

You will use practice heads and each other to improve your practical skills. You will need to complete a practical assessment on blow drying

showing you can effectively control the hair throughout.

UBT2 Basic Face Painting

This unit you will teach you basic face painting techniques.

You will carry out your own research to look at images of face painting for you to create a mood board of your chosen theme. You will need to complete a workbook.

You will practice on papier-mâché masks and each other during the length of the course. You will carry out a practical assessment on your chosen theme using the face painting techniques learnt.

Examination/Assessment

Evidence will be collected in a portfolio. Your assessor will ask questions to confirm your knowledge & understanding & your practical performance will also be observed. Each unit will be graded,

and successful completion of the units will give you an overall grade of Pass, Merit or Distinction.
