Course Structure

“Independent Living Skills Qualifications were designed to prepare the learner with the knowledge and skills required to function independently, or with minimum support, at home and in the community.”

The programme provides an opportunity to try out new activities, boost your confidence and gain a recognised Qualification.

As part of the course you will explore the following Using Money, Using Time, Using a Mobile Phone and Road Safety; these contribute to the Award. The following additional Units will contribute to the Certificate: Personal Appearance, Travel Training, Independent Living Skills and Cooking a Simple Meal.

Pupils are set a number of challenges and gain credit when they have successfully completed the portfolios of evidence.

There is no exam in this subject. Therefore, good attendance is essential, due to the nature of the course.

This option is not available to everyone

This is a low level qualification aimed to provide opportunities for learners who may find other GCSEs challenging.

You will also have to choose a second subject, just in case you are not successful in gaining a place on the course.

Examination/Assessment

Pupils progress through challenges, collecting evidence of achievements in a portfolio. This portfolio provides the basis for the internal assessment & certification.

The intention of this course is to provide life skills which can then be applied in adulthood.
