

## GCSE FILM STUDIES

## Content

This is a new GCSE that we are excited to be offering at Cefn Saeson for the first time. We are one of the only local Comprehensive Schools to offer this qualification!

### What is Film Studies?

Film Studies is an engaging and exciting subject that gives students an opportunity to develop a critical perspective on film and the role it plays within our society. Students gain an appreciation of film as an art form in terms of its visual storytelling, whilst also exploring how values, attitudes, ideas, and beliefs are communicated in film.

We study films from a broad range of historical and cultural contexts as well as different genres and students develop their critical thinking and analytical skills to write perceptive and thoughtful personal responses to film.

There is also a creative production element, where students will be able to craft their own short film or write a screenplay, then evaluate the process!

## Assessment:

70% Exam

30% Coursework

There are three distinct components for GCSE Film Studies:

**Component 1** covers the Key Developments in US Film and consists of the close study of a US Film – *Comparison* “Invasion of the Body Snatchers” and “ET”; an overview of key Developments in Film and Film Technology; and an Independent Film “Juno”. These three units are completed with a Written Examination of 1 hour 30 minutes with 70 marks awarded, accounting for 35% of the GCSE.

**Component 2** looks at Global Film and the presentation of Narrative, Representation and Film Style. As such, we study Narrative in relation to the global, English language film “Slumdog Millionaire”; we evaluate Representation in the global, non-English language film; and we analyse Film Style in the contemporary UK Film “Skyfall”. Again, these three units are completed with a Written Examination of 1 hour 30 minutes with 70 marks awarded and accounting for 35% of the GCSE.

# Content

**Component 3**, accounting for 30% of the GCSE, requires learners to create an individual production from either the Crime, Sci-Fi, War, Horror, Teenage Film or Musical genres. Students may create an opening sequence or an extract from their film showing a scene of suspense or tension lasting 2 minutes 30 seconds. Students can film their extract or produce a screenplay for their extract accompanied by a shooting script detailing camera directions and editing techniques.
