Subject: Proposal to Governors for international trip to Iceland

Afternoon,

Can we put the following to the Governing body at the next available meeting please?

Following a series of successful international trips from the Geography Department, We would like to offer pupils studying Geography the opportunity to visit many features 'in real life'.

The department would like to offer a trip over 5 days to visit the country of Iceland to our current year 7 and 8 pupils - departing October 2024 (when these pupils are in years 9 & 10).

The visit would include all flights, transfers, meals and visits to the amazing waterfalls, gorges, geyser and volcanic craters as well as the city of Reyjavik and a swim in the Blue lagoon. Pupils will also visit a Geothermal energy plant, a glacier front, basaltic columns and black sand beaches. They will also have the opportunity to hunt for the Northern lights at night and other evening activities (Ice skating and ten pin bowling).

The provisional cost for this will be £1100 per pupil, which whilst a lot of money, will enable pupils to see places and features that cannot be found here in the UK.

The trip will only run if there is enough interest from pupils / parents and before we launch this, I would like the governing body to approve this trip to potentially run.

Thank you

Kate
