STARTERS

POSTER

Design a creative poster by hand or using ICT. Use any key terms you have learnt, make it informative and eye catching!

MOCK MODEL

Create a mock model of any of your informal or formal ideas, using recycled materials.

LOGO

Create a logo for your group's team name.

LESSON START

Imagine you're going to teach your class part of the project we are studying. Come up with a suitable starter activity, for a lesson on this project. Create a recap task, game or warm up for the class that could start a lesson off.

MAIN

LEAFLET

Create a leaflet which summarises the project we are studying. Use key terms and images to make it informative and eye catching.

FACTSHEET

Create a factsheet summarising your recent project, but also add additional research and facts. Use correct terminology and use the internet/books to include extra facts (no copy and paste!)

COMIC STRIP

Create a comic strip to explain a new process we have learnt, or to summarise your recent project. Use lots of pictures and keywords to explain the process in a clear way.

DESSERT

NEWS ARTICLE

Write a newspaper article, relevant to the project we are studying. Include specific, accurate information. You could include images and/or quotes. Have a look at a newspaper for some inspiration!

WEBPAGE

Design an attention-grabbing webpage, summarising the project we are studying. Be creative, use any computer programme, and include factual information. You could include links to other websites too.

QUIZ

Write 10 challenging quiz questions about what we have covered in lessons so far. Write the questions and answers (on a separate sheet) to test a peer...
